

# Ultra Thin Frame Rigid PV Module

## 100/200W PORTABLE SOLAR PANEL

Portable solar panel is lightweight and efficient, using tempered glass and high quality solar cells, portable design with high compatibility, can be used with a variety of portable power stations, providing you with a clean and green power supply. Whether for outdoor camping, RV supply, or as a home backup energy, Ultra thin glass portable solar panel is a excellent solar solution.

**Anti scratch and corrosion resistance**  
Stable power and more life span

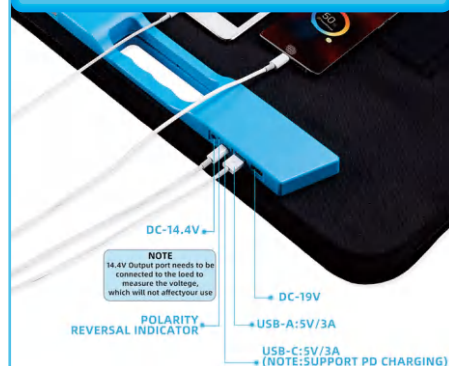

Ultra Thin Glass 1.1mm

**Easy kick-stand setup**  
Get more sunlight than flat laying

**Multiple output ports for different occasions**

**Compatible with most solar generators**

**Large-size feature magnetic plastic handles that can be easily opened and closed**

XT60 to MC4 Connector designed for most portable power stations in the market. With USB-A&C QC3.0&PD 65W fast charging, it can be used to charge cell phone, laptop, powerbank, tablet, etc. It's a good choice for outdoor camping, rv, balcony, garden and fishing, or emergency.

## TECHNICAL DATA

MODEL	TCP-100M-2F	TCP-200M-4F
Power Output Pmax (W)	100	200
Operating Voltage Vmp(V)	23.82	23.82
Operating Current Imp(V)	4.2	8.4
Open-Circuit Voltage Voc(V)	28.64	28.64
Short-Circuit Current Isc(A)	4.45	8.91
Folded Size (mm)	570*590*50	570*590*50
Unfolded Size (mm)	1150*590*30	2150*590*30
Net Weight(KG)	4.97	8.46
Fold	2 Folded	4 Folded
Cell Efficiency	≥ 22%	
Cell(Material/Dimensions)	Monocrystalline silicon / 182*91mm	
Bracket	Yes	
Packing	Single Package	
Operating Temperature	-40°C to 80°C	
Accessories	Standard: Junction Box, DC 5525/5521 Other Accessories can be customized	
Package	655*620*65mm	
20GP	832 PCS	
40HQ	1872 PCS
